DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions, which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-22 & 29-32, drawn to an optical encoder.

Group II, claim(s) 23-28, drawn to an optical guide.

2. The inventions listed as Groups 1 & 2 do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group 2 does not disclose anything with respect to optical encoding and can be used in other applications such as optical communications and other imaging areas.
